

Parent Guide

How can I use this with my children?

Encourage your child to count the shaded and unshaded squares on the number bond sticks to help calculate the missing numbers in each calculation.

How does this help my children's learning?

This can help your child learn and practise using number bonds to 20.

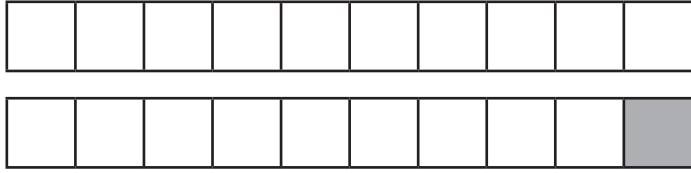

Ideas for further learning:

Provide your child with a group of 20 objects. Ask them to investigate how many ways they can separate the objects into two groups to make number bonds to 20.

Number Bonds Sticks to 20 Worksheet (Ages 5-6)
